NAI Premises and Nordmark Real Estate unite their activities

NAI Global is the the world's premier network of commercial real estate firms and one of the largest real estate service providers worldwide. The network combines over 5000 local experts in some 350 independent offices worldwide in almost 60 countries. The network manages some 30 million SM of property and the transaction volume last year was € 35 billion.

In Finland NAI Global is exclusively represented by NAI Premises Oy, a private owned commercial property advisor. The company serves both local and international, private and institutional real estate investors, constructors, developers, landlords and tenants.

Nordmark Real Estate Oy has acted in the Greater Helsinki Region as a commercial property advisor and broker mainly for landlords and tenants.

The both companies have joined together on the 9th of February. From now on they can better serve their customers and partners in Finland and abroad. The name of the company will remain NAI Premises Oy and the main office will stay in Technopolis Office Complex close to the International Airport of Helsinki-Vantaa.
